Elangeni TVET College

An Institution of Choice

ABOUT US

T.J Kula
Rector / Principal

As a public Technical Vocational Education and Training (TVET) provider, Elangeni TVET College strives to be a self-reliant TVET institution that provides meaningful education and training, equipping students with qualifications and skills to start out on their chosen career path. At Elangeni TVET College, support is given to lifelong learning and students are taught by trained facilitators, assessors and moderators to ensure quality delivery in an assortment of subject fields. The programmes offered are customised and responsive to the needs of learners and industry. The careers they

encourage are essential for the economic upliftment of the South African economy.

Elangeni TVET College under the leadership of Ms. TJ Kula (Rector), is an ISO-9001 accredited organization. It has several international partnerships with different countries, which includes British Council [UK] amongst others, and Nuffic [Netherlands]. The College is also part of USA learner exchange program in Agriculture, working with the US embassy. Elangeni TVET College has also won international Awards for being the best African partner in the British Council "Skills for Employability Project". The College's vision for the 4th Industrial Revolution (4IR) is to equip its students to have the necessary skills and knowledge, to be able to add value to their communities as well as the global markets.

Elangeni TVET College (previously known as Sivananda FET College) came about after the merger of three previous public technical colleges in 2002: Pinetown, Sivananda (KwaMashu) and Ntuzuma Technical College. The College has grown with the addition of new campuses at Qadi (Bothas's Hill), Ndwedwe, KwaDabeka, Inanda and Mpumalanga.

ETVET's Northern based campuses fall into the Inanda, Ntuzuma, KwaMashu (INK) Area Based Management and Development area. With almost half a million residents on 9423 hectares, it constitutes one of the largest conglomerations of low income residential areas in the whole of South Africa.

With the exception of Pinetown campus, all other campuses fall into peri-urban areas characterized by: unemployment that is above the national average, high illiteracy rates, single parent (female) families, large segment of the population in the 18 -30-year category and child headed families. Pinetown campus is situated in an urban area, but attracts students from various surrounding communities. A ladies' hostel is available on Pinetown Campus. Please enquire with the campus for more details.

WHAT DO WE OFFER?

A TVET Vocational programme will equip you for successful career in an industry that has a great need for practical skills, experience and knowledge. ETVET College plays a key role in the economic empowerment of people by providing relevant education and training with eight campuses throughout Durban. Elangeni TVET College provides integrated theoretical and practical experience to the community. Make the right choice now and get your future on track!

Student Support Services are available to our students. These include: Academic Support, Tutorials, Bursary Assistance, Career Guidance, Counselling and Life-skills programmes. Please contact your Campus Student Liaison Officer (SLO) for assistance.

Students may pre-register online at the end of the year for the following academic year during the set enrolment period. Students are urged to enroll online as early as possible to secure their position with the College. Enrolment forms must be accompanied by proof of payment of the non-refundable registration fee (and the relevant minimum deposit as stipulated) or reference for NSFAS personally funded students.

Cash is not accepted on the premises. Please register online using certified copies of your ID and highest grade report passed. Course fees are payable strictly in advance. All courses are subject to student numbers.

An ISO 9001 and OSHAS 45001 Certified Organisation.

The first educational Institution In the country to achieve simultaneous dual SABS Certification.

WHY STUDY HERE?

Affordable Prices (Government Subsidized)

Accessible Campuses
Quality Resources
Quality Education & Training
Disciplined Staff
Excellent Student Support Structure
Student Counselling Services

Students Representative Council (SRC), Career Guidance & Counselling

Access to the pace career programme
Student Liaison Officer on each campus
Student Councilor

Student Exit Support

Student Tracking
Alumni Association
Access to Workplace

Social Activities

Arts & Culture Activities
Sporting Activities
Ms/Mr Elangeni College
Annual Book Review, Poetry and
Debate Competition

Academic Support

Tutorial Support
Life Skills Workshop
Online Tutorials

IMPORTANT INFORMATION

Please be advised all applications will be done ONLINE

You will be required to upload the following documents:

- Certified ID copies (yours and that of your parent or guardian).
- Latest school report (from Grade 9 for NCV and N1 to N3 and grade 12 for N4).
- A printout of the NSFAS application/ proof of payment in the case of self-funded.
- Proof of home address.

•FREE Career Selection and Placement Tests are conducted for all NCV and Nated Programmes.

•All programmes are campus specific and subject to student numbers.

•Please note that no cash is accepted on our premises. Banking Details will be provided on registration to paying students.

•A ladies' hostel is only available at Pinetown Campus.

•N6 Business / Engineering Studies Certificate may be converted to a National Diploma on completion of in-service training.

WORKSHOPS AND EQUIPMENT

Elangeni TVET College has training and learning workshops on campus

Student Support Services (SSS)

STUDENT SUPPORT SERVICES (SSS)

Pre - entry

- Selection and placement into appropriate programmes
- Students code of conduct signed at registration
- Introduction and orientation for all new students
- Career guidance and counselling

On course

- Academic Support: Tutorial systems, job readiness, programmes, maths excellency and peer mentoring
- Extra-curricular and cultural activities: e.g. soccer, netball, volley ball, Ms/Mr Elangeni, reading competitions, SRC involvement, student leadership & development
- Personal support: Disability support, student counselling, peer education, health and wellness programmes

ATTENTION ALL STUDENTS!

NSFAS APPLICATIONS

Who qualifies for NSFAS funding?

You qualify for a NSFAS bursary if you are a South African citizen / permanent resident who plans to study at a TVET college, and you fall within one or more of the below categories:

- Applicants whose combined household income is not more than R350 000 per year.
- Persons with disabilities combined household income must not be more than R600 000 per year.
- Any student who is a South African Social Security Agency (SASSA) recipient, automatically meets the financial eligibility criteria and will be eligible for financial aid if they are academically eligible and registered at Elangeni TVET College.

What are the required documents?

- Copy of student ID / Birth certificate
- Copy of parent/s or guardian/ spouse ID
- Smart card: both sides of card required.
- Proof of income (where applicable)
- Persons living with disability (Disability Annexure A form)
- An applicant who is recognised as a vulnerable child by the Department of Social Development must provide a completed and Vulnerable Child Declaration form completed by a social worker or the principal of the last high school their attended.
- An applicant who has indicated that s/he has no family member details and or abridged birth certificate must complete the Declaration: Non-SASSA form.

Based on the application type, the system will generate a list of required documents for upload. NSFAS will not accept any affidavits or driver's license as proof of ID.

How do I create a myNSFAS account?

- Log onto www.nsfas.org.za and click on the myNSFAS tab.
- Click on register. Tick on the acceptance option to allow NSFAS to verify and validate the information you provided.
- Type in your ID number as it appears on your ID document.
- Type in your name and surname as they appear on your ID Document.
- Type in your email address and cellphone number. Your username will be your email address.
- Create a password and confirm your password.
- Click on register.
- After clicking register, a One Time Pin (OTP) will be sent to the email address and cellphone number you provided.
- Check your cellphone and email for the OTP.
- Type in the OTP in the tab provided and click submit.
- You will then receive another SMS and email confirming that your myNSFAS account has been created.

TENET NSFAS: APPLICATION STEPS

- Please note that the payment app platform will only allow Fully Funded students to on-board.
- Provisionally Funded and Not Funded students will not be able to on-board until their funding status has been successfully finalized by NSFAS.

SIGN IN TO THE TENET NSFAS APPLICATION:

- You will receive an SMS with the student link to download the Tenet NSFAS App.
- Download the App.
- Type in your personal details as prompted.
- Upload a photo of your Identity document.
- Upload a selfie.
- A bank account will be assigned to your student number.
- A Tenet NSFAS bank card will be distributed to you.

ACTIVATE YOUR TENET NSFAS CARD:

- SMS the word “active” with a space before the last 4 – digits of your card.
- SMS the above information to 31571.
- You will receive an SMS with your PIN number.
- Memorize this PIN number and then delete the SMS.
- Your Tenet NSFAS bank card will be activated once you have received your NSFAS bursary.

REGISTER YOUR PHYSICAL TENET NSFAS BANK CARD:

- Open the Tenet NSFAS App.
- Open the home page.
- Go to your physical cards.
- Click on add a card.
- Scan the QR code on your card, or type in the code found under the QR code on the card.
- Accept the terms and conditions.
- Your Tenet NSFAS card has successfully been registered. You will receive an SMS with your PIN number.

NATIONAL CERTIFICATE (VOCATIONAL)

Public TVET Colleges now offer a new, exciting, modern and relevant range of vocational programmes known as the National Certificate (Vocational). These programmes are high skills, high quality and high knowledge programmes introduced nationally in 2007 and are intended to directly respond to the priority skills demands of the economy.

The NCV is currently offered at levels 2, 3 and 4 of the National Qualifications Framework (NQF). The NCV is designed to provide both the theory and practice. The practical component of study may be offered in a real or stimulated workplace environment. It provides students with an opportunity to experience work situations during the period of study.

What is the Duration of the Qualification?

The NCV qualification is a full year programme at each of the NQF levels of study. A student is issued with a statement on successful completion of each level of study. Ideally students should complete all three levels and thereby complete the full level 4 qualification.

What subjects make up a National Certificate?

In order to obtain an NCV qualification, a student is required to take a total of seven subjects. These include three Fundamental subjects (English First Additional Language, Mathematics / Maths Literacy and Life Orientation) and four Vocational subjects, 3 are compulsory and 1 is optional. The seven subjects will complete the qualification at each level.

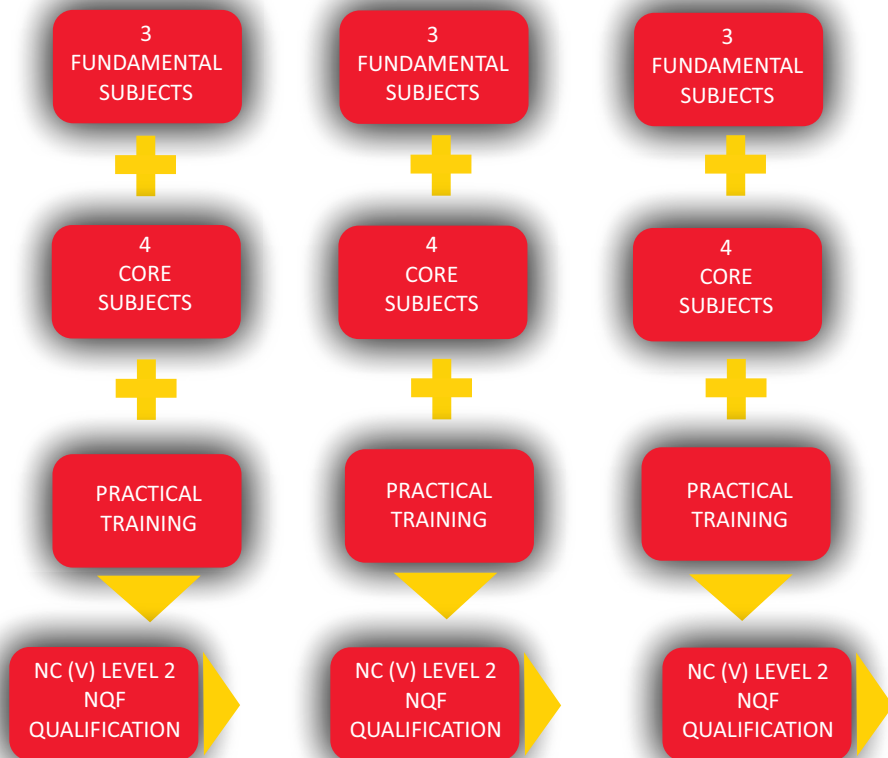

What is the minimum entry requirement for NQF Level 2?

The minimum entry requirement is a Grade 9 pass (or equivalent). However, the NCV programmes are very challenging and are ideally suited to students with a higher existing qualification.

OVERVIEW OF PROGRAMMES

Elangeni TVET College offers a variety of exciting campus-specific courses.
Prior to enrolment one should confirm with selected campus.

National Certificate Vocational (NCV)

Level:

National Certificate Qualifications Framework (NQF)
Level 2, 3 and 4

Duration:

1 Year Per Level (Full Time): 3 Years in Total

Commencement:

January

Entry Requirements:

- A year end school report for grade 9 (pass) or higher;
- or NQF Level 1 Qualification;
- or an abridged programme designed for the specific purpose to access NQF Level 2;
- or a recognition of Prior Learning (RPL) assessment to meet the basic requirements.

SERVICE INDUSTRY COURSES (CATHSSETA)

Level: NQF Level 4 & 5

Duration: 2-year full time study (a Certificate exit opportunity exists after 1 year)

Minimum Requirements to Enter: Grade 12 pass or equivalent: Interview

For Tourism programmes: The costs of relevant textbooks are included in the fees.

For Hospitality programmes: The correct tool kit and uniforms have to be used by the student (the cost of which is included in the fees). Over and above lectures, Food & Beverage students will be expected to work additional hours at the College restaurant and Professional Cookery students in the kitchen.

HOSPITALITY (NQF 4 & 5)

Entrance Requirements:

- Certificate/Diploma in Food and Beverage
- Management Certificate/Diploma in Professional Cookery

Subjects:

-  Health and Safety
-  Food and Drink Service
-  Numeracy
-  Computer Practice
-  Business Operations
-  Management
-  Research
-  Food Preparation

Employment Opportunities: Food and Beverage Management, Chef, Accommodations Management, Bed and Breakfast Services, Events Management

TRAVEL AND TOURISM (NQF 4 & 5)

Entrance Requirements:

- Certificate in General Travel or
- Diploma in Retail Travel

Subjects:

-  Travel Services
-  Research
-  Travel Destinations
-  Numeracy
-  Travel Office Procedures
-  Computer Practice

Employment Opportunities: Accommodation Management, Conference and Events Planning, Restaurant & Food Services, Tourism Development, Transportation Management, Travel Counselling, Further Study at Universities of Technology, Game Ranger & Safari Network

The above courses have an exit level at the end of each year but the students may be enrolled for the Diploma Level of each course. To qualify for the Diploma Level, all the credits for the Certificates Level must have been completed and the student deemed competent. All relevant Certificate Level in-service training must have been completed. In-service training for each level contributes to approximately 20 - 40 credits per programme and has to be completed before any certificate is to be expected. Students are expected to do additional research and must have the ability to use the internet.

NATED PROGRAMMES

In accordance with Government Gazette No 32810

TVET Colleges have been approved an extension to phase out selected programmes of the National Certificates and the National Diploma qualifications (an amendment of the Government Gazette No: 31711).

NATED BUSINESS STUDIES

Level: N4, N5 and N6

Duration: 6 Months per level (full time) various part time options available. Commencement January, July: (Campus Dependent)

N4 Admission Requirements: Senior Certificate or National Certificate N3 or Grade 12 or an equivalent qualification. An admission test may be required

National Diploma (3 years): All students who have completed their N6 Certificate are required to complete 18 months of practical in service training in their relevant fields of study (certified by the employer) to qualify for a National Diploma (NQF5)

SKILLS PROGRAMMES

A range of skills programmes are available from Elangeni TVET College. These programmes are mainly practical based programmes and certification is done by the College (unless otherwise stipulated). Please enquire with the respective Campuses for information on the following: Basic Computer Skills, End User Computing, Bricklaying, Carpentry, Motor Vehicle Repairs, Panel Beating & Spray painting, Pastel Accounting, Plumbing & Drain laying, Air Conditioner Refrigeration & Ventilation and Welding.

Plumbing Level 4

- Monitor the application of safety, health and environmental protection procedures
- Install, maintain and test below ground drainage systems
- Install, maintain and test hot water supply systems
- Install and maintain soil, waste and vent pipe systems
- Install, maintain and repair sanitary ware appliances
- Perform specialised faulty- finding and repairs to plumbing systems
- Interpret and use information from texts

Automotive Spray Painting Level 2

- Keep work area safe and productive
- Select, use and care for engineering power tools
- Select, use and care for engineering hand tools
- Paint, primers, materials and their uses
- Understand body construction and safety features of a vehicle
- Perform surface preparation on a body panel
- Perform masking & de-masking on a vehicle
- Apply sealers and cavity fillers on vehicles
- Perform basic spray painting
- Polish Automotive painted panels

Bricklaying or Building and Civil Construction L3

- Verify compliance to safety, health and environmental requirements in the workplace
- Read and interpret construction drawings and specifications
- Identify, use and maintain tools, machines, equipment and materials for building and civil construction activities
- Set out, excavate, cast concrete strip foundations and build foundation walling
- Build masonry superstructures using concrete hollow units
- Build masonry superstructures using solid units
- Use mathematics to investigate and monitor the financial aspects of personal , business and national issues

Furniture Making Level 2

- Apply health and safety to a work area
- Comply with good housekeeping practices
- Prepare products for hand staining
- Read and interpret basic engineering drawing
- Perform wood finishing operations by conventional spraying
- Produce basic hand crafted furniture

Construction Carpentry Level 2

- Apply health and safety to a work area
- Erect roof trusses
- Clad roof structures
- Erect ceilings and install insulation
- Communicate verbally and non-verbally in the workplace
- Access and use information from texts

Air Conditioning, Refrigerating and Ventilation Level 2

- Identify refrigerant containers, explain handling procedures and discuss the use of refrigerants
- Handle refrigerant containers and transfer refrigerants into service cylinders
- Maintain safety in the handling group 1 and 2 refrigerants
- Define and explain the principles of thermodynamics and carry out basic calculations involving heat
- Explain the basic vapour compression cycle, the components, the handling and storage of refrigerants
- Identify, use and maintain refrigeration trade specific tools and instruments
- Perform basic arc welding of metals as applicable to air-conditioning, refrigeration and ventilation installations
- Demonstrate understanding of fundamentals of electricity and its application in air conditioning, refrigeration and ventilation equipment

Welding Level 3

- Explain Emergency preparedness and response procedure -
- Weld carbon steel work pieces using oxy-acetylene gas welding process in all positions.
- Weld carbon steel work pieces using cored wire welding process in all positions.
- Weld carbon steel work pieces using the shielded metal arc welding process in all positions.
- Weld carbon steel work pieces using the gas tungsten arc welding process in all positions.
- Weld carbon steel work pieces using the gas metal arc welding process in all positions.

Automotive Repair & Maintenance Level 2

- Build basic auto electrical circuits.
- Understand the fundamentals of engine technology.
- Lift and move a load using manual lifting equipment and tackle.
- Select and use vehicle lifting equipment.
- Demonstrate knowledge of lubrication.
- Carry out an automotive service.
- Service automobile batteries.

Civil Engineering Construction

- Participate in the operation and maintenance of construction equipment and machinery
- Participate in the construction of roads, bridges, dams, railways, houses etc.
- Take part in the designing and construction of tunnels, roads, factories, reservoirs, etc.
- Participate in the erection of the reinforced concrete, structural steel, timber and masonry structure etc.
